PROFESSIONAL SUMMARY

Information Systems graduate (GPA 3.89/4.00, Cumlaude) specializing in AI/LLM engineering and data engineering. Builds LLM applications (RAG, LangChain, FastAPI), star-schema data warehouses, and BI dashboards. Led a 5-member team through a 900+ hour AI capstone program with Pijak × IBM SkillsBuild, and was selected as a Google Student Ambassador from 12,000+ students nationwide. Learns quickly, communicates clearly, and is ready to apply these skills in a real engineering team.

EXPERIENCE

AI Engineer Cohort, Pijak × IBM SkillsBuild — Feb 2026 – Jul 2026

Competitive career-preparation program run by Dicoding Indonesia and IBM.

- Selected as AI Engineer mentee; completed 900+ hours of structured training in AI, machine learning, and industry-standard development practices.
- Led a 5-member team to build and deploy PolaStok, an AI inventory forecasting MVP for Indonesian SMEs, covering data preprocessing, model building, evaluation, and deployment.
- Combined demand forecasting with generative AI to produce natural-language restock recommendations for small business owners.
- Met all Mandatory Achievements through project-based assessments and joined instructor-led sessions on model evaluation and deployment strategy.

Junior Data Scientist (MSIB Intern), VINIX7 (PT Inovasi Lentera Cipta Kreasi) — Feb 2025 – Jun 2025

5-month Magang SIB Mandiri program, Batch 2.

- Led an analytics project across 97 study programs from 11 universities using Python, Pandas, Power BI, and Looker Studio.
- Built regression models and interactive dashboards that improved policy-insight accuracy by 35%.
- Covered the full analytics cycle: data acquisition, cleaning, exploratory data analysis, statistical analysis, and data storytelling for decision-makers.

Google Student Ambassador (Campus Lead), Google — Sep 2025 – Feb 2026

Class of 2025; selected from 12,000+ students nationwide.

- Promoted awareness and adoption of Google AI technologies on campus through workshops and community activities.
- Strengthened leadership, communication, and technology-advocacy skills as Campus Lead for Universitas Siliwangi.

Full-Stack Web Developer, RA Al-Fathunnisa — Feb 2024 – Jun 2024

- Built a student registration and internship (PKL) management system for a real school, end to end: database design, online registration flow, implementation, and testing.
- Developed the backend with PHP/Laravel and MySQL and the interface with React and JavaScript.

Front-End Developer, CV Putra AR — Mar 2024 – Jun 2024

- Delivered the company website from planning to launch for a real client, as a software-development course project.
- Built the PHP/Laravel and MySQL backend, a React/JS frontend, and a simple CRM feature (customer loyalty program) to increase customer engagement.

PROJECTS

PolaStok: AI Inventory Forecasting Platform — 2026 | Team Lead

Python, Machine Learning, Generative AI, Full-Stack

- Demand prediction, stock anomaly detection, and AI-generated reorder recommendations for Indonesian SMEs.

ClinicalNote AI: LLM Clinical Documentation — 2025 | Solo Developer

FastAPI, OpenAI Whisper and GPT-4, LangChain, React, Docker, AWS EC2

- Real-time transcription and summarization of clinical notes under 2s latency; reusable AI modules (summarization, ICD-10 suggestion, medication extraction) built as LangChain chains; containerized and deployed on AWS EC2.

AI Study Assistant: RAG Question Answering 2025 | Solo Developer
LangChain, ChromaDB, FastAPI, Streamlit

- Semantic search over 500+ pages of lecture notes with source citations, conversation memory, and a streaming FastAPI service.

Business Intelligence Data Warehouse (Undergraduate Thesis) 2025 – 2026
Star-schema, SQL, Looker Studio

- Designed a data warehouse on national higher-education data (PDDikti) to analyze lecturer-to-student ratios across 35 study programs; written up as a journal manuscript.

HR Analytics Pipeline, IBM SkillsBuild × Hacktiv8 Jul 2025
IBM Granite, Google Colab, Pandas, Seaborn, LangChain

- Processed 838,000+ employee reviews: data cleaning, LLM classification, summarization, visual insights, and strategic recommendations. Completed the 6.5-hour IBM Granite learning path first.

EDUCATION

Bachelor of Information Systems, Universitas Siliwangi (Faculty of Engineering) 2022 – 2026

- GPA 3.89/4.00, Cumlaude; 55 courses (144 credits). Focus: Business Intelligence, Business Analytics, Recommender Systems, Information Visualization, Database Management, Cloud Computing, Information Systems Security.
- Thesis: star-schema BI data warehouse for lecturer-to-student ratio analysis across 35 study programs.

TECHNICAL SKILLS

AI & LLM: LangChain, RAG, Prompt Engineering, OpenAI API, IBM Granite, ChromaDB, Claude Code

Data & Machine Learning: Python (Pandas, NumPy, Scikit-learn), SQL, EDA, Regression Analysis, Statistical Analysis, Data Cleaning

Data Engineering & BI: Data Warehouse (star-schema), MySQL, PostgreSQL, Power BI, Looker Studio, Microsoft Excel

Backend & Frontend: FastAPI, PHP/Laravel, REST API, React, JavaScript, Tailwind CSS

Cloud & Tools: AWS, Docker, Git/GitHub

Professional: Team Leadership, Project Management, Presentation, Business Analysis, System Analysis

CERTIFICATIONS

Gemini Certified Student (University), Google for Education 2025
AWS Cloud Practitioner Essentials, Dicoding 2024
ICT Project Manager, BNSP 2024
Microsoft Office Specialist: Excel Associate, Microsoft Dec 2024
Dicoding AI/ML Path, Dicoding 2025 – 2026
Belajar Dasar AI, Belajar Machine Learning untuk Pemula, Belajar Fundamental Deep Learning, Membangun Sistem Machine Learning
Anthropic Academy, Anthropic Sep – Oct 2026
Claude Code in Action, Introduction to MCP, Model Context Protocol: Advanced Topics, AI Fluency: Framework and Foundations, Claude Platform 101

ACHIEVEMENTS

Winner, Life After DDC Challenge, Dicoding Developer Conference 2026 May 2026
Winner, #MyBDDInsight Challenge, Badan Ekraf Developer Day 2025 Nov 2025
Gold Medalist, 3 national competitions, Mathematics (KSPI, OLIMNUS), Accounting (ISSC) Jul 2024
Finalist, National Scientific Paper Competition (LKTI), SMEFU XIV, Universitas Siliwangi Oct 2023
Grant Recipient, Social Business League Siliwangi (LIBSOS) Jun 2023
2nd Place, Bookstagram Challenge, Bank Indonesia Tasikmalaya May 2025
